MAJORS

At Mercy we believe that openness is the key to making sure every student is successful. If more colleges were open to all kinds of students, then all kinds of people would have new opportunities.

And with every new opportunity, the world transforms.

This belief is part of everything we do. It's our mantra. It's our mission. Our doors are open to all who are looking for a more open world.

Our more than 90 undergraduate & graduate degree & certificate programs are housed within five schools: Business, Education, Health and Natural Sciences, Liberal Arts and Social and Behavioral Sciences.

Spread across our three New York campuses (Dobbs Ferry, Bronx and Manhattan), you will be joining a diverse community of students from around the US and the world who study, learn and have fun together.

“Mercy College is great for international students transferring from other colleges. I got accepted to other schools, but Mercy was the only one that transferred in most of my credits. That was very important to me.”

You'll find our campuses all over the New York City area. In fact two of our campuses are located right in New York City, in Manhattan's Herald Square and the Bronx. Our beautiful Westchester Campus overlooks the Hudson river and is only a 40 minute train ride from New York City. On-campus housing is available at both the Manhattan and Dobbs Ferry Campuses.

Studying at Mercy College puts you close to some of the most prestigious internships, mentorships and networking opportunities available anywhere in the world. New York is home to some of the most world-renowned brands and organizations in sectors ranging from media to education, finance and health care.

Cultural Centers and Attractions

New York City offers some of the greatest cultural attractions in the world, such as: Times Square, Yankee Stadium, and the Statue of Liberty to name a few.

World Class Museums

New York has more than 80 of the largest and most well-known museums, including The Metropolitan Museum of Art and The Museum of Modern Art (MoMA).

Parks

New York City has more than 1,700 parks across the five boroughs, including Central Park and The Cloisters.

Restaurants

There are over 20,000 restaurants in New York City where you can experience a taste of different cultures.

Global Community

More than a third of New York City residents were born in another country. Immigrant communities make the metropolitan area a strong multicultural hub.

HONORS

Our Honors Program curriculum can help you with the next challenge you're seeking by expanding your awareness of the cultural, social and historical diversity of the world. We bring together talented students and distinguished faculty in small classes specially designed to foster your creativity and independence. Our expert faculty will encourage you to achieve an even higher level to reach your full potential. Transfer students with outstanding academic records can also apply to this prestigious program.

HONORS PROGRAM BENEFITS:

Priority registration

Small classes for maximum faculty support

Special extra-curricular activities and events

Mentorship from students and faculty in the Honors Program

Official recognition at commencement

A PERSONAL MENTOR ON DAY ONE

From the moment students are accepted into Mercy College, they are assigned a personal mentor who advises and inspires them to reach their full potential.

Their PACT mentor is their point person who helps them navigate the twists and turns of their college experience. Their mentor helps them choose the right major, navigate degree requirements and register for classes, track their academic progress, develop leadership skills and discuss career dreams and how to get there.

FINANCIAL ASSISTANCE

International undergraduate students may be eligible for academic merit, athletic scholarships and/or transfer scholarships.

IMMIGRATION ADVISEMENT

International Student Services advises on how students can become an F-1 student, I-20 issuance and maintaining status.

CAREER READINESS AND ASSISTANCE

Mercy College authorizes CPT for eligible students (internships for academic credit), and provides assistance with OPT applications to USCIS, one-year full-time work authorization after student completes their program of study plus an additional 24 months OPT extension for STEM eligible programs. The College has dedicated career advisors to support students in their job and internship search process along with presentations on career development/job search specifically for international students.

INTERNSHIPS

Employers today want to hire graduates with experience. There's no better way to gain expertise in your area of interest than to work in it while in college. We understand that, which is why we have strong connections with influential corporations, clinical organizations and schools so that you will have an advantage when establishing a rewarding professional career. Many of our students have landed internships and jobs at major Fortune 500 companies, non-profit organizations, health care facilities, government departments and more. Our campus locations in Westchester County and New York City give students the accessibility to today's leading industries.
